## RESIDENT PERSPECTIVES

### Stargazing with Pat J: Mars - More Than a Bit Weird

by Patricia Jeffery © 2024 of the Calgary Centre of the Royal Astronomical Society of Canada

Mars hasn't always been a dry, dusty, desolate planet. It used to be a much nicer place with an atmosphere and oceans of water. The ravages of time, however, have not been kind to this little planet, leaving it with a host of bizarre features.

- Fourth planet from the sun.
- If our sun is the goal post of a CFL football field, Earth would be at the two-yard line; Mars on the three.
- Half the size of Earth; its red colour is because iron in the rocks and soil has rusted.
- Rotation: 24.6 hours.
- Revolution: 687 days. It has an egg-shaped orbit due to Jupiter's powerful gravitational field tugging on it.
- Tilted 25 degrees gives Mars four distinct seasons.
- Mean temperature: -65 degrees Celsius.
- Two tiny moons: Phobos is 22 kms in diameter and

Deimos is even smaller at 13 kms. Shaped like potatoes, they may actually be captured asteroids.

- A thin atmosphere of 95% carbon dioxide.
- Mars' small size meant it couldn't retain enough heat to drive plate tectonics. Without tectonics, it lost its protective magnetic field, and as a result, its atmosphere is gradually being stripped away by the sun's solar wind.
- Lack of plate tectonics is what allowed Olympus Mons to grow into the largest volcano in the solar system at three times the height of Mount Everest.
- Of the abundant water Mars once possessed, some is frozen in the polar ice caps, some is trapped inside minerals in the planet's crust, and the rest escaped into space.
- A massive crack called Valles Marineris spans nearly a quarter of its surface. At 4,800 km long, 320 km wide, and 7 km deep, it is ten times larger than Earth's Grand Canyon.

### Word of the Month

**Portmanteau: noun (port-man-toe)**

A literary device wherein two words are merged to form a novel word with a distinct meaning.

John was surprised to learn that the word 'motel' is a portmanteau of 'motor' and 'hotel'.

### Calling All BABYSITTERS

Enroll free at [mybabysitter.ca](http://mybabysitter.ca) and choose the Calgary communities you would like to babysit in.

## Get Ready Calgary – Green Line Is on Its Way!

*by The City of Calgary*

Main construction of the Green Line LRT is starting this year, and the benefits will last Calgarians a lifetime. Phase one spans 18 kilometers from Shepard Station at 130 Ave SE to Eau Claire at the north end of downtown. With 13 stations, it provides connections to the Red and Blue LRT lines and three MAX rapid bus routes.

The Green Line will provide transit options for 70,000 people living within a ten-minute walk of the line, unlocking land for development, and increasing access to housing options. This leads to a more vibrant and diverse community for all Calgarians to enjoy.

As the largest infrastructure project in Calgary's history, the Green Line will also improve social equity by providing direct access to 190,000 jobs in downtown, Quarry Park, and industrial areas. The project is also expected to create over 20,000 direct and supporting jobs by the end of construction.

With an estimate of 55,000 daily Green Line riders, there will be less congestion on existing transit routes, and fewer cars on the road. This is great news for the environment and public transit riders!

As construction begins and excitement grows, stay up to date on the project by visiting [calgary.ca/GreenLine](http://calgary.ca/GreenLine) or following @GreenLineYYC on social media.

We are a vibrant, Torah observant, Messianic community of believers.

[www.bethshechinah.com](http://www.bethshechinah.com)

Join us for weekly services on Shabbat: Saturdays at 10:30 am. 2636 32 St SW, Calgary, AB

**Upcoming Events: Passover Play, April 27 (Shabbat Service) Passover Seder, April 28**

Fresh Jock

## No matter how much you sweat, we can get the stink out!

We offer cleaning services for sports equipment and personal protective equipment, including helmets, shoulder and elbow pads, knee and shin pads, footwear, skates, or gloves – almost any equipment used by athletes or workers can be cleaned, disinfected, & refreshed.

### OUR OZONE PROCESS

Using ozone, our system breaks down and penetrates stains, mucus, blood, sweat, fungus, bacteria, and mould. Ozone effectively annihilates 99% of bacteria and viruses upon contact, encompassing both odor-causing bacteria and those responsible for various illnesses, such as staph infections.
